“Verified Certification Training for Handling Mental Health, Dementia & Intoxicated Subjects with Safe, Humane Physical Control, Restraint & Movement”

COURSE PROFILE: This **TJA INSTRUCTOR CERTIFICATION KIT** is specifically designed and developed for safely & humanely handling mental health, dementia and intoxicated subjects who become physically violent. Crisis Intervention Personnel tasked and confronted with these conditions are under tremendous national scrutiny in these often, violent conditions that compromises individual & staff member safety. **The “Non-Weapon Classified” Emergency Response Belt® has been in the field for 30 years nationally without one lawsuit.** This tough cloth, control & restraint, movement protective device is in use by 100’s of county correctional & juvenile facilities since 1990. A less aggressive bright green ERB color change from black and new profession specific programs have been thoroughly research and developed for CIT, Police, EMS, Schools, Nursing Homes and Hospitals. **This program is designed specifically for the safety of Crisis Intervention Staff.** Based on incidents throughout the United States, the techniques instructed fully address physically confrontational mental health, dementia and violent intoxicated subject conditions that Staff face in the field in a cost-effective program.

Topics Covered in the program include:

1. Easy to learn and retain shielding techniques; extremity control; passive restraint, immobilization, movement and safe transport of potentially violent persons with the non-weapon classified, tough cloth, **Emergency Response Belt®**.
2. Hands-on practical exercises & scenarios are listed & described for training your officers.
3. Certification procedures for training; user/policy agreement is covered.
4. KIT INCLUDES; Workbook/ Manual; USB jump drive with PowerPoint & student materials; for training & certifying staff in the 4-hour basic course. Basic Certificates provided at no charge other than postage.
