

JPX Jet Projector® Gun– TJA Instructor Certification Course

LOCATION: Now Scheduling 2015 Nationwide

DATE: TBA, 2015

COURSE PROFILE: The design of the JPX is based on a firearm. The receiver is a self-contained unit consisting of an ergonomic pistol grip, trigger, ambidextrous two-shot cartridge release lever, self-cycling double action only firing mechanism, Picatinny rail for flash-lights, camera and laser sight with laser activation switch. Also a self-contained unit, the two-shot cartridge consists of two 14x109 mm self-sealing cartridges, two individual nozzles and open sights. The two-shot cartridge is disposable. The JPX Jet Protector Gun is a new, two shot OC delivery system designed to provide a laser targeted, distance (out to 23 feet) weapon system. The rounds deliver up to 550 fps amount of .39ml (less than a thimble amount of OC) to its target with incredible accuracy even in wind conditions. Note: The JPX **IS NOT** considered a firearm as per B.A.T.F.

The JPX is available in black or orange in alternating colored barrels. The twin barrel system can be changed out in three seconds and can deliver two rapid shots to the subject. A holster option includes a low-ride leg system and the course comes with quality belt holster . **The instructor training program is a one-day eight hour certification course.**

TOPICS COVERED IN THE COURSE INCLUDES:

- Complete terminologies; nomenclature; mechanics and proper and legal use & applications of the JPX Jet Projector® Gun.
- Complete review of OC aerosol including updated decontamination methods; use of OC as per Federal guidelines in the TJA Ladder of force Continuum with totality of circumstances documentation priorities.
- Complete safety issues & protocols when employing the JPX Jet Projector® Gun.
- Hands-on training including drills and scenarios will be conducted as well as an inert exposure with a training cartridge.
- Certification procedures and three-year backed in court TJA certification.

COURSE TUITION: \$595.00 and includes: A JPX Jet Projector Gun (gun retails for \$350. Each), **2 training cartridges; one live cartridge** (twin live OC cartridge costs \$30.each); **belt holster** (cost \$59.95); **training manual, USB flash-drive with Instructor PowerPoint program.**
